## TALK ABOUT FEET.

Troublesome Skin Affections Put to Rest By Poslam.

A recent exchange of experiences between ten persons developed the fact that nine of them were suffering from foot trouble which caused continual annoyance and serious concern. According to those who know, the best thing to do when the feet are tired, inflamed, itching, chafed or broken out is to apply a little poslam and note how quickly the difficulty will vanish.

Poslam is the new skin remedy which so rapidly combats the worst cases of eczema and all skin troubles, stopping all itching with the first application. It makes quick work of acne, herpes, tetter, scaly scalp, barber's and every other form of itch. Occasional applications in small quantities will quickly banish pimples, hives, blackheads, blotches, etc. A special 50c package of poslam is prepared for those who use poslam for minor skin troubles, and this, as well as the regular two dollar jar, is on sale at Gilbert's and R. W. Walker Co.'s, as well as all drug stores.

But no one is even asked to purchase poslam without first obtaining a sample package, which will be sent by mail, free of charge, upon request, by the Emergency Laboratories, 32 West Twenty-fifth street, New York City.

FOUR WITNESSES  
AGAINST MABRAY

HOW VICTIMS WERE FLEEDED ON FAKE EVENTS.

"Millionaires' Club Swindled out of Sum Ranging From \$2,000 to \$37,000.

ONE TURNS STATE'S EVIDENCE.

Council Bluffs, Ia., March 11.—

Testimony was given today by four government witnesses in the case of John C. Mabray and others, charged with conspiracy to defraud by the unlawful use of the United States mails in promoting fake sporting events.

The alleged operations of Mabray and his associates, known as the "Millionaires' Club," in New Orleans, Denver and Council Bluffs, were told in detail. The sporting events carried through by these men, according to the witnesses were so well planned that there was not a chance for the victim to escape and the losses ran from \$2,000 to \$37,000, according to the ability and willingness of the victim to contribute.

Thomas Gay, one of the indicted men who turned state's evidence, was the first witness called. He testified that he first met Mabray in New Orleans. Mabray was then associated with R. B. Harriman and Frank W. Brown, who are now fighting extradition in Los Angeles. Gay lived at Stretcher, Ill., where he was a professional wrestler. He induced James Tierney, of Stretcher, to go to New Orleans and bet on a wrestling match in January, 1908. Tierney lost \$10,000, of which Gay received \$2,000. He told in detail of the system employed to get victims and of how they were handled from the time they were first "interviewed" until sent home penniless. He was also one of the wrestlers in a match at Council Bluffs where a lumberman of St. Paul, Mr. Shull, lost \$2,500.

Ernest Fenby, of Shepherd, Mich., another professional wrestler, who was defeated at Detroit a few nights ago by Zhyssko, testified that he received letters from Council Bluffs, written by Mabray, giving instructions for fixing wrestling matches and horse races. He, with James Coon, a neighbor, induced three friends to bet, and they lost \$14,000 on wrestling matches.

Fenby explained how a bladder filled with blood was caused to burst in his opponent's mouth at the critical moment when the latter would

My hair was getting quite gray and falling out rapidly, and I was troubled with a terrible itching of the scalp. My head was full of dandruff. I heard of your Sage and Sulphur for the hair. I got a bottle and used it and almost at once was benefited by it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, glossy and pliable. MRS. E. A. RILEY, Sharon, Mercer Co., Pa.

roll over and assume a dying condition. This was a ruse to break up the match. Then everybody would scatter to prevent arrest. He worked this trick three times.

James Coon, of Owosso, Mich., husked corn for a living until he learned the "system" and then made plenty of money for a while. He identified Mabray as the leader of the Millionaires' club. Coon confirmed Fenby's testimony. Coon is now employed by the Elett Sugar company at Owosso.

C. A. Nelson, a farmer, of Alma, Mich., lost \$3,000, and he told how it happened. He started out for a "bit of sport" and ended up without a cent, the "steerer" having purchased a ticket and sent him home.

## DEMURRAGE RULES

SEEM TO BE MORE IN THE RIGHT DIRECTION.

Free Days Given in Which to Unload Cars—How It Will Effect Shippers.

The car service rules the railroad commission of the state of Kentucky has ordered to be put into force gives to the consignee 48 hours free time. If a car is placed after 7 a. m. on any day free time will begin to run until 7 a. m. on the following day. If unloaded within 24 hours from the time the free time begins the consignee is allowed credit for one day to be applied against the demurrage against any car or cars of the consignee. The rules provide however, that not more than seven days' credit shall be allowed on any one car; that is, if a shipper should have seven days' time to his credit and should hold a car ten days or any number of days beyond seven days over the free time, he can only receive credit on that car that is held beyond seven days over the free time of seven days, so that if any one car is held a greater number of days than seven days beyond the free time, additional days must be paid for by the shipper, no matter how many days he may have to his credit on unloading other cars sent to the same shipper.

The demurrage rules also provide that each month is closed at the end thereof. Any number of free days to the credit of any shipper is cancelled at the end of the month, each month thus closing itself. Three times are such a great improvement over the rules that have been in force heretofore that the adoption of the present car service rules is a great advantage to the shippers. Under the former conditions

tions the shipper might unload 100 cars in succession within 24 hours of the time of their placement and hold a single car one hour over the allotted 48 hours free time and be compelled to pay \$1 a day demurrage for the holding of that one car. The present arrangement is much fairer for the shippers and seems to be a move in the right direction.

California Shocked.

San Francisco, March 11.—Sharp earthquake felt. Motion was long and slow. Telegraph companies report it was felt in other parts of the state. The shock lasted one and a half seconds and the vibration was north to south. In two San Francisco theaters, where the last act was closing, scores of people jumped to

their feet when the earthquake was felt. In one there was a decided movement from the galleries toward the exits, which was promptly stopped by policemen.

In an Oakland theater a number of timid persons started for the doors but cries of "sit down" promptly stopped them. A panic was narrowly averted in a theater at San Jose. Although the shock was the severest since that of April 16, 1906, no damage was done. The shock was felt as far south as San Luis Obispo.
